

'PYR-A-MID or FIRE-IN-MIDDLE refers to its unique ability to concentrate biocosmic energies in its centre'

Pyramids have been resonating to a cosmic pulse for much longer than mankind has been able to accurately record. Some scholars believe that the first pyramids were built by the Egyptians around 4,500 years ago. Others believe that pyramids around the planet were constructed by ancient civilisations such as the Atlanteans or by people from 'Beyond the Sun' - up to 40,000 years ago.

As we move through the age of Aquarius in the 21st Century, many people are looking for ways to prepare themselves physically, emotionally and spiritually for these rapidly changing times.

Pyramid Power is a phenomenal way to enhance our lives by tapping into the cosmic forces around us. Here at *Wooden Earth Creations*, we have created uniquely crafted pyramids of varying sizes to use in daily life.

Whether you choose one of our large open-sided pyramids for sleeping or meditation, or the bench top model to keep food fresher, tastier and longer lasting, purify water and even keep your razors sharp, *Wooden Earth Creations'* pyramids can help enhance and change your life for the better.

'THE FIERY FORMS'

WEC pyramids follow the Sacred Geometry as found in the Great Pyramid of Giza, using the universal ratio 'PHI'. Our pyramids are precision built using no metal parts.

'We have researched & tested the effects of the magnificent 'Fiery Forms' . I personally benefit from the power of pyramids in my good health, personal growth and daily life.'
